

Vehicle Headrest Printer Mount

for
Brother PocketJet

VHPM-BPJ

Ready to print

Patented product (U.S. Pats. 7637566, 7874612, additional patent pending)

- Printer is positioned up and completely out of the way
- Installs in seconds without tools
- All printing components will stow inside the VHPM-BPJ to create a self-contained mobile printing solution
- Convenient transport/storage - headrest posts fold flat for temporary in-vehicle storage or “grab n’ go” shelf storage
- Officers can easily retrieve printed documents without losing sight of offender’s vehicle

VHPM-BPJ Product Specifications: 10.5 x 5.5 x 3.25 in; black powder-coated 18 gauge steel mount enclosure, 16 gauge hinged lid; 4 in. long, solid aluminum mounting rods; 3.65 lbs

Additional Mounting Options- LEM’s [Modular Mounting System](#) provides a simple, economical “from/to” conversion path between three (3) printer mount options: headrest, console, and partition.

VHPM-BPJ (headrest)

VCPM-BPJ (console)

VPPM-BPJ (partition)
