## Professional Services

If you're a mobile worker in a demanding profession, workdays can be hectic, to say the least. It's often just you and your mobile computer on the front lines, wherever the job takes you. You need to know that you'll always have the tools you need to do your job.

Thousands of organizations choose Panasonic for their employees who work in unforgiving environments. We've been making rock-solid mobile computing products for over 30 years and are constantly pushing rugged computing forward. TOUGHBOOK family of computers boast industry-leading low product-failure rates. So it's no wonder we've become the longest-running rugged computer supplier for the U.S. government, law enforcement, utility, and public safety agencies. But even with the toughest tools, work life can be a bit unpredictable. Make sure your workers can always depend on their TOUGHBOOK devices by augmenting them with Panasonic ProServices — Development, Deployment, and Sustainment services that support and augment your IT and field staffs to speed deployments and improve performance of your Panasonic technology investments.

Our Standard Warranty protects your TOUGHBOOK computers from manufacturing defects for three years and includes overnight shipping costs to and from our Service Center, as well as priority parts exchange program and repair service at no cost. It provides lifetime access to our U.S.-based technical support hotline (which has average hold times less than 1 minute); online access to drivers, first-aid disks, BIOS updates, tools, utilities, and manuals; free overnight delivery of customer replaceable parts and repaired units (85% of repairs are completed within just 48 hours); and access to Panasonic field service personnel.

For those customers whose environmental conditions require a higher level of accidental damage coverage, Panasonic offers our Ultimate Care warranty program. This "No-Fault" warranty coverage means just that — you break it and we fix it.

Panasonic recognizes that one size does not fit all and each customer has a unique set of skills and needs. As such, Panasonic ProServices can offer each customer the right solution to best suit their particular situation. Here are some of the most popular items, but please contact your Panasonic representative or go to the ProServices website for more services and information.

## TOUGHCare

TOUGHCare no-fault coverage provides added protection against accidental damage, helping organizations reduce downtime, control costs, and stay focused on the job—not the repair process. It also includes Keep Your Storage Drive, Priority Parts Replacement and Engineering Support. TOUGHCare simplifies device protection so organizations can spend less time managing warranties and more time focusing on their work.

## Smart Battery Warranty Program

Extends the standard 1-year battery warranty up to 5 years and provides Smart Battery Monitoring. The main battery can be replaced when it falls below 50% capacity (per PC Information Viewer) during the coverage term. The Smart Analytics provide in depth insight and facilitates troubleshooting on a proactive basis.

- Main Battery 3 Year CF-SVCSEBAT3Y
- Main Battery 4 Year CF-SVCSEBAT4Y
- Main Battery 5 Year CF-SVCSEBAT5Y
- Dual Battery 3 Year CF-SVCSEBATX23Y
- Dual Battery 4 Year CF-SVCSEBATX24Y
- Dual Battery 5 Year CF-SVCSEBATX25Y

## Hot Swap & Hot Spare Management Service

Within a **Hot Swap** program, when a device requires service, Panasonic sends the user a fully functional computer from a reserve of customer-owned computers stored at Panasonic's National Service Center. The replacement unit is shipped for next business day delivery whenever a user calls Panasonic Technical Support and determines that the computer needs to be serviced. The user removes the storage drive from the original computer and inserts it into the replacement unit, eliminating the need to transfer files or software. The user keeps the replacement computer and ships the original unit to Panasonic. When the original computer is received by Panasonic, it is repaired, re-imaged and put back into the customer's consigned inventory for future use.

Unlike Hot Swap, when **Hot Spare** is chosen, the original unit sent in for service is returned to the original end user following service and the original spare unit is returned to the customer owned reserve.

- Hot Swap 3 Year CF-SVCLTHS3YR
- Hot Swap 4 Year CF-SVCLTHS4YR
- Hot Swap 5 Year CF-SVCLTHS5YR
- Hot Spare 3 Year CF-SVCLTHSP3YR
- Hot Spare 4 Year CF-SVCLTHSP4YR
- Hot Spare 5 Year CF-SVCLTHSP5YR

## Engineering Services & Project Management

Engineering services can include services development and all changes through the life of the Panasonic deployment along with ad hoc technical services. The service level is determined at time of purchase.
